

Sec. 1. CAREER AND TECHNOLOGY PROGRAM

The Board may conduct and supervise career and technology classes and other educational programs for students and spend local maintenance funds for the cost of those classes and

Subsidy for Certification Examination

(a) A student is entitled to a subsidy under this section if:

(1) the student:

(A) successfully completes the career and technology program of a school district in which the student receives training and instruction for employment; or

(B) is enrolled in a special education program under Subchapter A; and

(2) the student passes a certification examination to qualify for a license or certificate that is an industry certification for purposes of Section 39.053 (Performance Indicators: Achievement)(c)(1)(B)(v), administered while the student is enrolled in a school district.

(a-1) A student may not receive more than one subsidy under this section.

(b) A teacher is entitled to a subsidy under this section if the teacher passes a certification examination related to cybersecurity.

(c) On approval by the commissioner, the agency shall pay each school district an amount equal to the cost paid by the district for a certification examination under this section. To obtain reimbursement for a subsidy paid under this section, a district must:

(1) pay the fee for the examination; and

(2) submit to the commissioner a written application on a form prescribed by the commissioner stating the amount of the fee paid under Subdivision (1) for the certification examination.

Sec. 3. PROVIDING CAREER AND TECHNICAL EDUCATION

The following provisions apply only if IDEA Public Schools receives federal career and technical education funds.

a) *Students with Disabilities*

A student with a disability shall be provided career and technical education in accordance with all applicable federal law and regulations including the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations, state statutes, and rules of the State Board of Education and the Commissioner of Education (“Commissioner”).

A student with a disability shall be instructed in accordance with the student’s Individualized Education Program (“IEP”), in the least restrictive environment, as determined by the student’s admission, review and dismissal (“ARD”) committee. If a student with a disability is unable to receive a free appropriate public education (educational benefit) in a regular career and technical education program, using supplementary aids and services, the student may be served in separate programs designed to address the student’s occupational/training needs, such as career and technical education for students with disabilities.

A student with a disability identified in accordance with the IDEA is an eligible participant in career and technical education when the following requirements are met:
